Position Description

Support Worker: HASI Plus

Position summary

Reporting to the Program Coordinator/Diversional Therapist, the Support Worker will provide safe and effective, recovery-oriented and trauma informed mental health support for the highly complex HASI Plus participants. A high focus on recovery values including hope, self-direction, empowerment, strength based and peer support model underpins the role. Support Workers are required to work shifts that support a 24 hour model.

Support Workers help people with mental health issues through

- support and health promotion
- positive role modelling
- education
- facilitating self-advocacy
- providing information to encourage participation in the public mental health system.

Organisational relationships

Direct reports: Nil

Internal and external relationships

Internal relationships involves team and staff engagement and collaboration External relationships may include families and carers, HASI+ network, NDIA, Primary Health Network professionals, clinicians, GP's, agents for housing, Community Mental Health Service Providers and the broader community

Responsibilities	Outcomes			
Use a trauma informed, recovery based model of support. Use a trauma informed recovery- Participants are provided with supports tailored to				
orientated, person centred framework to provide a range of	meet their recovery goals. The implementation of individual plans is			
supports.	supported in collaboration with the Clinical Lead and all stakeholders where appropriate.			
Build capacity and utilise a strengths based approach.	Feedback from participants and stakeholders indicates there is assistance to access resources that enhance their recovery goals.			
Encourage self-determination and resilience.	Feedback from participants and stakeholders indicates there is recognition and respect for their right to have control over their lives, to make decisions and have their preferences and aspirations respected.			

Responsibilities	Outcomes				
Provide support with day to day living Support participants to manage their tenancy.	Support in managing and maintaining a tenancy within a shared tenancy environment Guidance is provided with domestic cleaning in situations where the participant needs support.				
Support activities such as cooking, budgeting, shopping and personal grooming.	Participants are supported to plan and prepare meals based on participant's choice and in accordance with food safety guidelines to meet nutritional, cultural and religious needs. Personal grooming and hygiene needs are supported. There is evidence that basic budgeting is discussed with the participant.				
Provide support with health needs					
Provide information to encourage participation in the public health system.	The participant is encouraged and supported to attend medical and mental health appointments The participant is supported to proactively manage their health and get screening or attend check-ups for dentists, eye health, hearing, etc.

Assigned tasks are carried out in a timely manner.			

Responsibilities	Outcomes			
General				
Be compliant with WHS requirements and take reasonable care to ensure your own safety and health and that of others. Abide by their duty of care provided for in the legislation. Ensure you do not place others at risk by any act or omission. Ensure you do not interfere with safety equipment.	There is demonstrated compliance with WHS requirements to ensure a safe and healthy workplace. This includes abiding by the nonsmoking directive at the Buttery sites and compliance with any pandemic directives and protocols.			
	Any injury, hazard or illness are reported immediately, where practical, to your manager/coordinator.			
Take an active role in building your resilience and preventing psychological injury. Take reasonable care for your health and safety and that of others who may be affected by your conduct.	The importance of wellbeing and self-care as a part of resilience is acknowledged. Strategies are implemented to maintain personal wellness and resilience. Clinical supervision or other supports are utilised, when needed.			
Be compliant with codes, guidelines, policies, procedures, confidentiality requirements, legislation and Standards and proactively engage with Buttery continuous quality improvement.	Codes, guidelines, policies, procedures, confidentiality requirements, legislation, Standards and quality improvement processes are adhered to at all times. Changes and improvements are supported.			
	All mandatory training programs and team meetings are attended. There is mandatory reporting of any suspected			
	incidents of child abuse.			
Support an environment free from discrimination, harassment, bullying and model appropriate standards of professional behaviour in the workplace.	Interactions with colleagues, residents, participants and stakeholders are undertaken in a courteous manner.			
	Cultural and linguistic diversity is taken into consideration.			
	There is positive feedback from others regarding your interactions.			
Other duties relevant to the role as requested by the Coordinator.
